### Lodging and Meals

This year, we'll be staying in dorms at the University of the Incarnate Word in San Antonio, with two students assigned per room. Each student should bring their own bedding, pillow, and towel—air mattresses will *not* be needed. All meals will be provided by the university's dining services, including daily lunches prepared for the worksites. **If your student has any food allergies or dietary restrictions, please scan the QR code at the bottom of the packet and complete the form.**

## **Travel**

Chuck's Travel will be providing safe and reliable transportation to and from San Antonio, as well as daily transport to and from the worksites. We've partnered with Chuck's Travel for many of our past trips, and they've consistently proven to be our most trusted and preferred transportation company.

## **Workgroups**

Workgroups will consist of 10–15 students and 2–3 adult leaders, who will guide the students in completing projects throughout the week. Students are intentionally assigned to workgroups to foster community growth. As a result, they may be placed in groups with friends as well as others they may not know as well. These workgroups will tackle a variety of projects, which may include home repairs (framing, drywall installation and finishing, flooring, painting, etc.), yard work, neighborhood beautification, and community development.

## **Medications**

We ask that all student prescriptions be dropped off at 7 a.m. on Monday, June 8, during tool loading. Please bring only the medication needed for that week (not a full container), and ensure it is in the original prescription container with the prescription label intact. Labels will be mailed to you prior to the trip for you to write the name of the prescription, dosage, and frequency. There will also be extra labels available the morning of departure.

Adult leaders will be responsible for distributing medications daily as needed. We will provide basic over-the-counter medications like Ibuprofen, Tylenol, Sudafed, etc., so students are not permitted to bring any over-the-counter (OTC) medications.

Students should keep their EpiPens and inhalers with them at all times in case they need them.

## **Code of Conduct**

To protect the integrity of the trip, all students and their parents are required to read and agree to the Code of Conduct prior to departure. Any violation of the Code during the trip may result in disciplinary action, including possible immediate removal from the trip. Such decisions will be made at the discretion of the WC Students Co-Directors and, if necessary, in consultation with the Co-Senior Pastors. There is zero tolerance for pranks, bullying, possession of illegal substances, weapons, or any other unlawful behavior.

## **Adults Needed**

**This trip simply *cannot* happen without adult leadership.** To meet our requirement of at least one adult leader for every five students, the number of students we're able to bring depends directly on how many adults step up to lead.

We invite you to consider joining us in leading a small group of students as we serve the community of San Antonio this summer. Not only will you make a meaningful impact—you'll also experience something truly unforgettable.

If you have questions about what it means to be a workgroup leader or just need a little encouragement to say yes, please reach out to Michelle Joseph at [mjoseph@whiteschapel.org](mailto:mjoseph@whiteschapel.org). We'd love to talk with you!
